Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 11, 2009 has been entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Richard Byrne on July 16, 2007.

The application has been amended as follows:

The title of the application has been changed from "BALING APPARATUS AND METHOD" to -- BALING APPARATUS --

In the specification, page 1, line 1:

In the title, the wording "AND METHOD" have been deleted.

In claim 1, line 3:

Before "inclined", the wording -- vertically -- has been added.

Art Unit: 3725

In claim 1, line 5:

After “other”, the wording -- , an intermediate point between the first end and the second end of each of the conveyors being arranged to form a pinch region where the two conveyors are close to one another -- have been added.

In claim 1, line 7:

“a” has been changed to -- the --.

In claim 1, line 7:

The wording “where the two conveyors are close to one another and” have been deleted.

In claim 1, line 14:

“conveyor” has been changed to -- of the conveyors --.

Claim 28 has been cancelled.

In claim 29, line 1:

“28” has been changed to -- 1 --.

In claim 33, line 2:

“28” has been changed to -- 1 --.

In claim 34, line 1:

“28” has been changed to -- 1 --.

Allowable Subject Matter

Claims 1-27, 29-36 and 39 are allowed.

The following is an examiner’s statement of reasons for allowance:

Art Unit: 3725

Claim 1 is allowed because the art of record, considered alone or in combination, neither anticipates nor renders obvious a baling apparatus comprising: *an intermediate point between the first end and the second end of each of the conveyors being arranged to form a pinch region where the two conveyors are close to one another*, .. means are provided for gathering material falling outside of the entry region to re-incorporate such material, and wherein *the means for gathering material comprise an outer skin positioned toward a return side of each of the conveyors away from a baling side*, the outer skin being arranged such that when the bale is near a maximum size, the conveyor is arranged to pick up such material trapped between it and the outer skin and transport this material toward the pinch region, in combination with the rest of the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JIMMY T. NGUYEN whose telephone number is (571)272-4520. The examiner can normally be reached on Monday-Thursday 7:30am-5:00pm with alternating Fri. 7:30am-4:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner’s supervisor, Dana Ross can be reached on (571) 272- 4480. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
